

Golden Retriever Rescue
of Northern Illinois

Training Your Golden Local Trainers

Below we have listed some experienced local trainers who exclusively use positive reinforcement methods in their approach to training. We encourage you to sign up your Golden today!

If none of the below locations are convenient for you, we suggest that you look into training classes at your local park district, PetSmart store, or Petco store. Most of these facilities now offer classes that utilize positive reinforcement methods. To ensure that the methods being used are positive ones, we highly recommend that you observe a class (with the trainer who will be teaching your class) before signing up your dog. If you have any questions about positive reinforcement training, please contact us.
